SPHINCS Interim Report

Daniel Kirkpatrick
Vedanth Narayanan

February 14, 2016

Introduction

Have a brief intro about Digital Signatures. Then talk about the relevance of SPHINCS. Important to make note of how SPHINCS integrates multiple technologies and wraps it all together.

Details

List out the technologies, along with the different dependencies.
Afterwards talk about the ideas that are getting tested out, e.q Lamport+

Benchmark

This section is for a little graph of RSA and ECDSA times.

Conclusion
